

HOW TO MOVE YOUR INDUCTEL PROGRAM FROM ONE COMPUTER TO ANOTHER

Here is what to do.

1. Un-install the Inductel program from the first computer making sure that the first computer is connected to the internet during the un-install.
2. After the un-install is complete, restart the first computer.
3. Next, install a copy of the Inductel program on the **second** computer making sure that the second computer is connected to the internet during both the install and the activation. After you have unlocked your Inductel program with your serial number, you may disconnect the second computer from the internet if you wish.

ADDITIONAL LICENSES

If you wish to install your Inductel program on additional computers, please contact us with your request. We will tell you how to purchase additional licenses. Send us an email at inductel@earthlink.net, or call us at (408)866-8016, 9AM to 5PM, Pacific Time, Monday-Friday.

HOW TO DELETE A LICENSE

If you only want to remove your Inductel program from a single computer here is what to do.

1. Un-install the Inductel program from the computer making sure that the computer is connected to the internet during the un-install.
2. After the un-install is complete, restart the computer.

If you wish to remove the Inductel program from a number of computers, repeat the above steps on each computer.
